**Note (1):** Core Courses 2, 5, & 9 can be offered to students of other Major disciplines as Minor courses of Group 1, and Core courses 3, 6 &10 can be offered to them as Minor courses of Group 2. Core Courses 18, & 19 can be offered to eighth semester students of other Major disciplines as Minor courses.

#### **Audit Courses**

There are four mandatory Audit Courses or zero-credit courses that the students must attend in different semesters. Two of them are Ability Enhancement Courses offered by Additional Languages in the first and second semesters. The other two are Discipline Specific Elective courses in the fifth and sixth semesters. Students need to complete 75% attendance in Ability Enhancement Courses offered by Additional Languages in the first and second semesters, but need not appear for the internal and external evaluation of these courses. Discipline Specific Elective courses in the fifth and sixth semesters are not meant for class room study. The students can choose any course in management discipline and attend these courses online in platforms like SWAYAM, MOOC etc.

#### **NOTE:**

- 1. There will be no pathway for BBA students.
- 2. Students from other disciplines can choose Minor Groups in BBA.
- 3. If a student from other department chooses two Minor groups in BBA (Major with Minor Pathway), then the title of the Minor will be **Functional Business Administration.**
- 4. The above-mentioned minor courses are offered by BBA Department to other department students. So, they must attend the minor course classes along with BBA students (core course) depending on the intake capacity of each department as per University Regulations.

**NB:** - Except AEC's, MDC 2(KS), VAC2; all other courses including VAC1, VAC3, MDC1, all SEC's, all core/major courses, all elective courses and open elective shall be taught by Major Discipline Faculty only.

#### **EVALUATION SCHEME**

- 1. The evaluation scheme for each course contains two parts: internal evaluation (about 30%) and external evaluation (about 70%). Each of the Major courses is of 4-credits. It is evaluated for 100 marks, out of which 30 marks is from internal evaluation and 70 marks, from external evaluation. Each of the General Foundation course is of 3-credits. It is evaluated for 75 marks, out of which 25 marks is from internal evaluation and 50 marks, from external evaluation.
- 2. The 4-credit courses (Major courses) are of two types: (i) courses with only theory and (ii) courses with 3-credit theory and 1-credit practicum.
  - In 4-credit courses with only theory component, out of the total 5 modules of the syllabus, one open-ended module with 20% content is designed by the faculty member teaching that course, and it is internally evaluated for 10 marks. The internal evaluation of the remaining 4 theory modules is for 20 marks.
  - In 4-credit courses with 3-credit theory and 1-credit practicum components, out of the total 5 modules of the syllabus, 4 modules are for theory and the fifth

- module is for practicum. The practicum component is internally evaluated for 20 marks. The internal evaluation of the 4 theory modules is for 10 marks.
- **3.** 3-credit courses (General Foundational Courses) in BBA are of two types: (i) courses with only theory and (ii) courses with 2-credit theory and 1-credit practicum.
  - In 3-credit course with only theory out of the total 5 modules of the syllabus, one open-ended module with 20% content is designed by the faculty member teaching that course, and it is internally evaluated for 5 marks. The internal evaluation of the remaining 4 theory modules is for 20 marks.
  - In 3-credit courses with 2-credit theory and 1-credit practicum components, out of the total 5 modules of the syllabus, 4 modules are for theory and the fifth module is for practicum. The practicum component is internally evaluated for 15 marks. The internal evaluation of the 4 theory modules is for 10 marks.

### 1.2. EVALUATION OF PRACTICUM COMPONENT

The evaluation of practicum component in Major courses is completely by internal evaluation.

| Sl. No. | Evaluation of Practicum Component               | Marks for           | Weightage |
|---------|---|---------------------|-----------|
|         | of Credit-1 in a Major Course                   | Practical/Practicum |           |
| 1       | Continuous evaluation of practicum performed    | 10                  | 50%       |
|         | in classes by the students by using any kind of |                     |           |
|         | formative/summative methods given in the        |                     |           |
|         | detailed syllabus.                              |                     |           |
| 3       | Evaluation of the practicum summary report      | 10                  | 50%       |
|         | submitted for the end semester viva-voce        |                     |           |
|         | examination by the teacher-in-charge and        |                     |           |
|         | additional examiner                             |                     |           |

| *There is no specific format for practicum summary report. It can be decided by teacher- |  |  |  |  |  |
|--|--|--|--|--|--|
| in-charge according to the type of practicum chosen.                                     |  |  |  |  |  |
| Total Marks 20   |  |  |  |  |  |

The candidates must undergo two internships in any business organisation/local industries/Agriculture, health and allied sectors/Local Government institutions like Panchayats, Municipalities for a period of 120Hrs duration during summer vacation. Internship-1 should be completed preferably before the beginning of 5th Sem, and Internship-2 should be completed preferably before the beginning of 7th Sem and prepare a report based on the information collected.

#### 2.1. GUIDELINES FOR INTERNSHIP

- 1. Internship can be in Management or allied disciplines.
- 2. There should be minimum 120 hrs. of engagement from the student in the Internship.
- 3. Summer vacations and other holidays can be used for completing the Internship.
- 4. The students should make regular and detailed entries in to a personal log book through the period of Internship. The log book will be a record of the progress of the Internship and the time spent on the work, and it will be useful in writing the final report. All entries should be dated. The Internship supervisor should periodically examine and countersign the log book.
- 5. The log book and the typed report must be submitted at the end of the Internship.

6. The institution at which the Internship will be carried out should be prior-approved by the Department Council of the college where the student has enrolled for the UG (Honours) programme.

#### 2.2. EVALUATION OF INTERNSHIP

- The evaluation of Internship shall be done internally through continuous assessment mode by a committee internally constituted by the Department Council of the college where the student has enrolled for the UG (Honours) programme.
- The credits and marks for the Internship will be awarded only at the end of semester 5 & semester 7.
- The scheme of continuous evaluation and the end-semester viva-voce examination based on the submitted report shall be as given below:

| Component of Evaluation of Internship       | Weightage | Marks/100 |
|---|-----------|-----------|
| Continuous Evaluation of internship         | 40%       | 40        |
| through interim presentation and reports    |           |           |
| by the committee internally constituted by  |           |           |
| the Department Council.                     |           |           |
| End-Semester viva-voce examination to       | 35%       | 35        |
| be conducted by the committee internally    |           |           |
| constituted by the Department Council.      |           |           |
| Evaluation of the day-to-day records and    | 15%       | 15        |
| final report submitted for the end semester |           |           |
| viva-voce examination by the committee      |           |           |
| internally constituted by the Department    |           |           |
| Council.                                    |           |           |
| Business Organization/ Local Industries/    | 10%       | 10        |
| Agriculture, Health and allied              |           |           |
| sectors/Local Government Institutions       |           |           |

### **REPORT FORMAT**

- 1. The report must be typed (double spaced), in APA format. Use standard margins (1" to 1.25") and font (Times New Roman, 12) and should contain maximum of 10-15 pages.
- 2. The report consists of the following information in this order:

**Starting Pages** 

- 1. Title Page
- 2. Acknowledgement

3. Executive Summary

4. Table of Contents

Chapter 1: Brief Industry Profile

Chapter 2: Introduction of Company

Chapter 3: Organizational Analysis

Chapter 4: Internee Experience

a. A brief overview of the main business processes that the internee worked around

b. A brief overview of various departmental functions that the internee had the opportunity to observe

c. A narrative of personal experience in the intern's own words that may include: any new discoveries or observations made during the internship, any problems identified, personal account of interactions with others at the workplace, and specific skills learned.

Chapter 5: Future recommendations for a suitable course of action in the organizational context

Chapter 6: A short essay identifying the gaps in classroom learning and experiential learning at the internship.

7. Appendices

#### **EVALUATION CRITERIA FOR INTERIM PRESENTATION**

| Understanding of the Field (15 Marks) | Challenges and<br>Solutions<br>(15Marks) | Communication<br>Skills<br>(5Marks) | Use of Visual Aids<br>(5Marks) |
|---------------------------------------|--|-------------------------------------|--------------------------------|
|                                       |  |                                     |                                |
|                                       |  |                                     |                                |

|               | Marks)             |                             |                |
|               |                    |                             |                |
|               |                    |                             |                |

#### 3. PROJECT

#### PROJECT IN HONOURS PROGRAMME

• In Honours programme, the student should do a Project of 8-credits in semester 8.

- The Project can be done in the same institution/ any other higher educational institution (HEI)/ research centre/ training centre.
- The Project in Honours programme can be a short research work or an extended internship or a skill-based training programme.
- A faculty member of the respective institution, where the student does the Project, should be the supervisor of the Project.

| Programme             | BBA   |                 |               |                |                   |

|   |  |                                       |  |  |

#### 5. EVALUATION CRITERIA FOR VIVA-VOCE

| Comprehension<br>and Depth of<br>Knowledge<br>(10 Marks) | Methodological<br>Rigor and<br>Integrity (10<br>Marks) | Contribution<br>&Implications<br>(20 Marks) | Communication<br>Skills (10<br>Marks) | Response<br>to<br>Questions<br>(20<br>Marks) | Project<br>Report<br>(30<br>Marks) |
|--|--|---|---------------------------------------|--|------------------------------------|
|  |  |   |                                       |  |                                    |
|  |  |   |                                       |  |                                    |

#### FORMAT OF PROJECT REPORT

The report shall be printed and bound (preferably hard paper bound) with not less than 60 (A4 size) pages. The matter should be typed with double line spacing. The Fond Size for the text should be 12 with style Times New Roman. One inch margin should be left on top and bottom of the page, as well as left and right side of the typed pages.

- A. Preface Section: Title page of the report Declaration by the student Certificate from supervisory faculty counter Signed by Head of the Institution. Acknowledgement Chapter content List of tables- List of figures
- B. Executive Summary (Minimum 1 page)
- C. Chapters

Chapter 1: Introduction (includes statement of the problem, objectives of the study, scope of the study, hypotheses if any, methodology employed, and limitations of the study)

Chapter 2: Industry profile/ Company profile/ Product profile/ Unit of study

Chapter 3: Review of literature (the review should be conducted by referring similar nature of studies conducted in academic journals, books, magazines, newspapers and other published sources)

Chapter 4: Data analysis and interpretation (data should be described and the collected data should be analyzed using appropriate tools)

Chapter 5: Findings, Conclusion and Recommendations

#### D. Bibliography

It should be prepared based on the guidelines prepared and updated by the American Psychological Association (APA style).

#### PROJECT IN HONOURS WITH RESEARCH PROGRAMME

- Students who secure 75% marks and above (equivalently, CGPA 7.5 and above) cumulatively in the first six semesters are eligible to get selected to Honours with Research stream in the fourth year.
- A relaxation of 5% in marks (equivalently, a relaxation of 0.5 grade in CGPA) is allowed for those belonging to SC/ ST/ OBC (non-creamy layer)/ Differently-Abled/ Economically Weaker Section (EWS)/ other categories of candidates as per the decision of the UGC from time to time.
- In Honours with Research programme, the student has to do a mandatory Research Project of 20-credits in semester 8.
- The approved research centres of University of Calicut or any other university/ HEI can offer the Honours with Research programme. The departments in the affiliated colleges under University of Calicut, which are not the approved research centres of the University, should get prior approval from the University to offer the Honours with Research programme. Such departments should have minimum two faculty members with Ph.D., and they should also have the necessary infrastructure to offer Honours with Research programme.
- A faculty member of the University/ College with a Ph.D. degree can supervise the
  research project of the students who have enrolled for Honours with Research. One such
  faculty member can supervise maximum five students in Honours with Research
  stream.

- The maximum intake of the department for Honours with Research programme is fixed by the department based on the number of faculty members eligible for project supervision, and other academic, research, and infrastructural facilities available.
- If a greater number of eligible students are opting for the Honours with Research programme than the number of available seats, then the allotment shall be based on the existing rules of reservations and merits.

#### FORMAT OF PROJECT REPORT

The report shall be printed and bound (preferably hard paper bound) with not less than 100 (A4 size) pages. The matter should be typed with double line spacing. The Fond Size for the text should be 12 with style Times New Roman. One inch margin should be left on top and bottom of the page, as well as left and right side of the typed pages.

#### 1. Title Page

The title page should succinctly capture the essence of the research while being inviting to a broad audience. It includes the thesis title, author's name, the institution, and the date. A compelling title can spark interest and set the stage for the narrative journey of the thesis.

#### 2. Abstract

A well-crafted abstract serve as a microcosm of the research, providing a concise summary of the thesis's aim, methodology, findings, and implications. In this section, creativity lies in the ability to distil complex ideas into accessible language that entices a diverse readership.

#### 3. Dedication and Acknowledgments

This section allows for personal expression, dedicating the work to individuals or groups who have been instrumental in the research journey. Acknowledgments give a human touch to the academic endeavour, highlighting the collaborative nature of knowledge creation.

#### 4. Table of Contents

A navigational tool that should not only be functional but also reflective of the thesis's structure and creativity. Creative formatting and clear organization can make the table of contents an inviting roadmap to the thesis.

#### 5. Introduction

The introduction lays the foundation, stating the research problem, objectives, and significance. Here, storytelling can be employed to weave a compelling narrative that frames the research question within a broader context, making it relevant to real-life situations.

#### 6. Literature Review

A critical survey of existing literature, this section is an opportunity to creatively synthesize and critique previous work, highlighting gaps the thesis aims to fill. The use of visual aids, such as mind maps or infographics, can enrich this section by providing innovative summaries of complex academic dialogues.

#### 7. Theoretical Framework

The theoretical framework in research is a vital component that underpins and guides the entire research process. It serves as the foundation upon which the research is built, providing a lens through which the study is conducted and understood. Essentially, the theoretical framework offers a structured approach to understanding, explaining, and making predictions about a given phenomenon or topic of interest. It does this by integrating concepts, theories, and models that are relevant to the research question or problem.

#### 8. Methodology

Detailing the research design, methods, and analysis techniques, this section benefits from clarity and precision. Creative methodologies that utilize emerging technologies or interdisciplinary approaches can be highlighted here, showcasing the thesis's innovative edge.

#### 9. Results and Discussion

This section presents the findings and interprets their implications. Creativity can be expressed through the use of visual storytelling with charts, graphs, and illustrations to make data compelling and digestible. A narrative approach to discussing the results can link them to broader themes and real-world implications.

#### 10. Conclusion and Recommendations

The conclusion synthesizes the findings, reflects on the research's limitations, and suggests future research directions. This section can be an avenue for visionary thinking, proposing creative applications of the research and its potential impact on society.

#### 11. References

Adherence to academic standards is crucial in the references section, but creativity can be shown in the organization and presentation style, making it easier for readers to explore the cited works.

#### 12. Appendices

This section can house supplementary material in various formats, including datasets, code, questionnaires, or multimedia elements. Creatively integrating digital content can enhance the thesis's accessibility and engagement.

#### 13. Digital and Interactive Elements

Incorporating digital elements like hyperlinks to datasets, online platforms for interactive visualizations, or even augmented reality (AR) experiences can revolutionize the way findings are presented and engaged with.

#### 4. LETTER GRADES AND GRADE POINTS

- Mark system is followed for evaluating each question.
- For each course in the semester letter grade and grade point are introduced in 10-point indirect grading system as per guidelines given below.
- The Semester Grade Point Average (SGPA) is computed from the grades as a measure of the student's performance in a given semester.
- The Cumulative GPA (CGPA) is based on the grades in all courses taken after joining the programme of study.

 Only the weighted grade point based on marks obtained shall be displayed on the grade card issued to the students.

#### LETTER GRADES AND GRADE POINTS

| Sl. | Percentage of Marks   | Description      | Letter | Grade | Range of     | Class            |
|-----|---|------------------|--------|-------|--------------|------------------|
| No. | (Internal & External  |                  | Grade  | Point | Grade        |                  |
|     | Put Together)   |                  |        |       | Points       |                  |
| 1   | 95% and above   | Outstanding      | О      | 10    | 9.50 – 10    | First Class      |
| 2   | Above 85% and below 95%   | Excellent        | A+     | 9     | 8.50 – 9. 49 | with Distinction |
| 3   | 75% to below 85%  | Very Good        | A      | 8     | 7.50 - 8.49  |                  |
| 4   | 65% to below 75%  | Good             | B+     | 7     | 6.50 - 7.49  |                  |
| 5   | 55% to below 65%  | Above<br>Average | В      | 6     | 5.50 – 6.49  | First Class      |
| 6   | 45% to below 55%  | Average          | С      | 5     | 4.50 - 5.49  | Second Class     |
| 7   | 35% to below 45% aggregate (internal and external put together) with a minimum of 30% in external valuation | Pass             | P      | 4     | 3.50 – 4.49  | Third Class      |
| 8   | Below an aggregate of 35% or below 30% in external evaluation   | Fail             | F      | 0     | 0-3.49       | Fail             |
| 9   | Not attending the examination   | Absent           | Ab     | 0     | 0            | Fail             |

- When students take audit courses, they will be given Pass (P) or Fail (F) grade without any credits.
- The successful completion of all the courses and capstone components prescribed for the three-year or four-year programme with 'P' grade shall be the minimum requirement for the award of UG Degree or UG Degree (Honours) or UG Degree (Honours with Research), as the case may be.

#### 5.1. COMPUTATION OF SGPA AND CGPA

• The following method shall be used to compute the Semester Grade Point Average (SGPA):

The SGPA equals the product of the number of credits (Ci) with the grade points (Gi) scored by a student in each course in a semester, summed over all the courses taken by a student in the semester, and then divided by the total number of credits of all the courses taken by the student in the semester,

i.e. SGPA (Si) = 
$$\Sigma i$$
 (Ci x Gi) /  $\Sigma i$  (Ci)

where Ci is the number of credits of the i<sup>th</sup> course and Gi is the grade point scored by the student in the i<sup>th</sup> course in the given semester. Credit Point of a course is the value obtained by multiplying the credit (Ci) of the course by the grade point (Gi) of the course.

$$SGPA = \frac{Sum of the credit points of all the courses in a semester}{Total credits in that semester}$$

 ${\bf ILLUSTRATION-COMPUTATION\ OF\ SGPA}$ 

| Semester | Course   | Credit | Letter | Grade | Credit Point     |
|----------|----------|--------|--------|-------|------------------|
|          |          |        | Grade  | point | (Credit x Grade) |
| I        | Course 1 | 3      | A      | 8     | 3 x 8 = 24       |
| I        | Course 2 | 4      | B+     | 7     | 4 x 7 = 28       |
| I        | Course 3 | 3      | В      | 6     | 3 x 6 = 18       |
| I        | Course 4 | 3      | О      | 10    | 3 x 10 = 30      |
| I        | Course 5 | 3      | С      | 5     | 3 x 5 = 15       |
| I        | Course 6 | 4      | В      | 6     | 4 x 6 = 24       |
|          | Total    | 20     |        |       | 139              |
|          |          | SGF    | PA     |       | 139/20 = 6.950   |

• The Cumulative Grade Point Average (CGPA) of the student shall be calculated at the end of a programme. The CGPA of a student determines the overall academic level of the student in a programme and is the criterion for ranking the students.

CGPA for the three-year programme in CUFYUGP shall be calculated by the following formula.

$$CGPA = \frac{Sum of the credit points of all the courses in six semesters}{Total credits in six semesters (133)}$$

CGPA for the four-year programme in CUFYUGP shall be calculated by the following formula.

 $CGPA = \frac{Sum \text{ of the credit points of all the courses in eight semesters}}{Total \text{ credits in eight semesters (177)}}$ 

- The SGPA and CGPA shall be rounded off to three decimal points and reported in the transcripts.
- Based on the above letter grades, grade points, SGPA and CGPA, the University shall issue the transcript for each semester and a consolidated transcript indicating the performance in all semesters.

#### 6. Study Tour

Study tour to an Industrial or Business centre will form part of curriculum. The fourth / fifth semester BBA students of regular colleges shall be taken, under the supervision of faculty members, to a Business or Industrial centre so as to enable them to have firsthand knowledge about location, and operations of the Business or Industry. The report submitted by the students in this respect shall be considered as one of the assignments of the any one of the courses in the concerned semester.

### Format of the Question Paper Type I for Major and Minor Courses

### I Semester BBA (CUFYUGP) Degree Examinations October 2024

### BBA1CJ101: <Title of the Major Course>

(Credits: 4)

Maximum Time: 2 hours Maximum Marks: 70

# Section A [Answer All. Each question carries 3 marks] (Ceiling: 24 Marks) 1. 2. 3. 4. 5. 6. 7. 8. 9. 10. Section B [Answer All. Each question carries 6 marks] (Ceiling: 36 Marks) 11. 12. 13. 14. 15. 16. 17. 18. Section C [Answer any one. Each question carries 10 marks] (1x10=10 Marks) 19. 20.

# Format of the Question Paper Type II for General Foundation Courses

|     | 1              | Case Study Analysis and Presentation: Students work in groups to analyse assigned case studies of businesses facing strategic decisions. They must present their analysis, recommendations, and action plans to the class, followed by a Q&A session.       |    |    |    |
|     | 2              | Ethical Decision-Making Debate: Organize debates on ethical dilemmas faced by businesses, such as sustainability practices, labor rights, or consumer privacy. Students take stands, present arguments, and propose ethical solutions.                      |    |    |    |
|     | 3              | SWOT Analysis Workshop: Students select a real company and conduct a SWOT analysis (Strengths, Weaknesses, Opportunities, Threats) to evaluate its strategic position. This includes researching the company, industry, and competitive landscape.          |    |    |    |
|     | 4              | Social Media Strategy Campaign: Students design a social media marketing campaign for a product or service, including target audience analysis, content creation, and engagement strategies. They present their campaign plan and expected outcomes.        |    |    |    |

#### **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

#### **Assessment Rubrics:**

### Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work

- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

| V  |     | Open Ended Module                                | 12 | 10 |    |
|    | 1   | Explore any prominent or new marketing areas     |    |    |    |
|    |     | by visiting respective business establishments   |    |    |    |
|    |     | and prepare a report.                            |    |    |    |
|    | 2   | Brand Development Workshop: Organize a           |    |    |    |
|    |     | workshop where students create a brand from      |    |    |    |
|    |     | scratch. This activity would encompass naming    |    |    |    |
|    |     | the brand, designing a logo, developing a brand  |    |    |    |
|    |     | identity, and creating a brand positioning       |    |    |    |
|    |     | statement.                                       |    |    |    |
|    | 3   | Social Media Marketing Campaign: Divide the      |    |    |    |
|    |     | class into groups and assign each group the task |    |    |    |
|    |     | of developing a social media marketing           |    |    |    |
|    |     | campaign for a hypothetical product or service.  |    |    |    |
|    |     | Students should identify their target audience,  |    |    |    |
|    |     | choose appropriate social media platforms,       |    |    |    |
|    |     | create content, and plan the campaign's timing   |    |    |    |
|    |     | and frequency.                                   |    |    |    |
|    | 4   | Competitor Analysis Project: Assign students     |    |    |    |
|    | -   | to conduct a detailed competitor analysis for a  |    |    |    |
|    |     |  |    |    |    |
|    |     | selected company. This project should include    |    |    |    |
|    |     | identifying the company's main competitors,      |    |    |    |
|    |     | analysing their marketing strategies, and        |    |    |    |
|    |     | suggesting areas where the chosen company        |    |    |    |
|    |     | can gain a competitive advantage.                |    |    |    |

|-------------------|---|
| Course<br>Summary | This course explores the intersections of creativity, innovation, and business development, focusing on how these elements combine to spark new ideas, drive technological advancements, and create sustainable business models in a competitive global marketplace. Students will engage with concepts from design thinking, lean startup methodologies, and disruptive innovation theories to understand how businesses can innovate products, services, and processes. Through a blend of lectures, case studies, hands-on projects, and guest speakers, participants will learn to harness their creative potential, apply innovative thinking, and develop practical strategies for business growth and development. |

| 1 | Analytics Case Competitions: Organize a case competition where students work in teams to solve a current business issue using analytics tools and methodologies. Companies could be invited to present actual challenges they are facing, and students would propose data-driven solutions. |  |  |
|---|---|--|--|
| 2 | Data Visualization Challenges: Host challenges where students use tools like Tableau, Power BI, or Python libraries to create compelling visualizations from raw data. The best visualizations could be showcased to promote a culture of excellence and creativity.                        |  |  |
| 3 | Analytics Blog or Newsletter: Students could contribute to a blog or newsletter dedicated to business analytics, writing about new tools, technologies, case studies, or their own project experiences.   |  |  |

# 80% Problems and 20% Theory

# **Correlation Levels:**

| Leve<br>l | Correlation        |
|-----------|--------------------|
| -         | Nil                |
| 1         | Slightly / Low     |
| 2         | Moderate / Medium  |
| 3         | Substantial / High |

#### **Assessment Rubrics:**

### Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

### Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

### **Assessment Rubrics:**

## **Mode of Assessment - CCA (Continuous Comprehensive Assessment) -**

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

## Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview

- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

#### **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

#### **Assessment Rubrics:**

### **Mode of Assessment - CCA (Continuous Comprehensive Assessment) -**

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report

- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

### (Theory and Problems may be in the ratio of 30% and 70% respectively)

### Mapping of COs with PSOs and POs:

|      | PSO1 | PSO2 | PSO3 | PSO4 | PO1 | PO2 | PO3 | PO4 | PO5 | PO6 |
|------|------|------|------|------|-----|-----|-----|-----|-----|-----|
| CO 1 | 3    | 3    | 2    | 1    | 3   | 2   | 2   | 2   | 2   | 2   |
| CO 2 | 3    | 2    | 2    | 2    | 3   | 3   | 2   | 2   | 2   | 2   |
| CO 3 | 3    | 2    | 1    | 1    | 3   | 3   | 2   | 2   | 2   | 2   |
| CO 4 | 3    | 3    | 2    | 2    | 3   | 3   | 1   | 2   | 2   | 2   |
| CO 5 | 3    | 2    | 2    | 1    | 3   | 3   | 2   | 2   | 2   | 2   |

#### **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

#### **Assessment Rubrics:**

### Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview

- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

| <ul> <li>Idea Generation Sessions: Organize brainstorming sessions where students are encouraged to come up with innovative business ideas. Provide prompts of challenges related to specific industries or societal problems to solve.</li> <li>Business Model Canvas Workshops: Have students work individually or in teams to creat business model canvases for their startup idease. Encourage them to iterate and refine their canvase based on feedback and further research.</li> <li>Pitch Competitions: Host pitch competitions where students present their business ideas to a panel of judges or their peers. This activity helps student improve their communication skills, refine their business concepts, and receive valuable feedback.</li> <li>Case Study Analysis: Provide case studies of successful and unsuccessful entrepreneurial ventures for students to analyse. Encourage them to identify key factors contributing to success or failure and apply these insights to their own entrepreneurial projects.</li> <li>Networking Events: Organize networking event or guest speaker sessions where students can connect with entrepreneurs, industry professionals and alumni. Networking provides valuable opportunities for mentorship, partnership building and learning from real-world experiences.</li> </ul> | 30 | 20 |  |

#### **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

#### **Assessment Rubrics:**

#### Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

#### **Assessment Rubrics:**

### Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

|     |          | such as formulating research questions, choosing  |    |     |    |
|     |          |   | l  | 1   | l  |

appropriate research methodologies (qualitative, quantitative, mixed methods), and designing data collection tools (surveys, interviews, observations). Students can work in groups to design a research proposal on a current business issue, encouraging collaborative learning and creativity in approach.

- Peer-Reviewed Journal Club: Create a journal club where students regularly meet to discuss and critique recent articles from peer-reviewed business journals.
- Research Ethics Seminar: Organize seminars or workshops on research ethics, focusing on issues such as data privacy, informed consent, and ethical considerations in business research. Engaging students in discussions and case studies related to ethical dilemmas in research can deepen their understanding of the importance of ethics in the research process.
- Dissertation/Thesis Proposal Defence: For advanced students, organizing a mock thesis or dissertation proposal defence can provide a comprehensive learning experience. This involves writing a research proposal, presenting it to a panel of peers and faculty, and defending the methodology and significance of their proposed research.

### **Assessment Rubrics:**

Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

#### Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

### **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

### **Assessment Rubrics:**

## Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Problem based assignments
- d. Individual project report
- e. Case study report
- f. Team project report
- g. Literature survey

#### h. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

### **Assessment Rubrics:**

## Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment(SA)

- a. Written Test
- b. Open Book Test
- c. Problem Based Assignments

- e. Individual Project Report
- f. Case Study Report
- g. Team Project Report
- h. Literature Survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial Work
- h. Home Assignments
- i. Self and Peer Assessments
- i. Oral Presentations
- k. Observation of Practical Skills

# **Correlation Levels:**

| Level | Correlation    |
|-------|----------------|
| -     | Nil            |
| 1     | Slightly / Low |

| 2 | Moderate / Medium  |
|---|--------------------|
| 3 | Substantial / High |

#### **Assessment Rubrics:**

## **Mode of Assessment - CCA (Continuous Comprehensive Assessment) -**

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

## **Assessment Rubrics:**

# **Mode of Assessment - CCA (Continuous Comprehensive Assessment) -**

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

## Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar

- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

|    |    | <ul> <li>Role-Playing Scenarios: Design scenarios that reflect real-world challenges in managing people. Divide students into groups and assign roles such as manager, employee, HR professional, and client. Scenarios could include addressing performance issues, navigating team conflicts, or negotiating work-life balance.</li> <li>Management Skill Workshops: Organize workshops focusing on specific people management skills, such as emotional intelligence, active listening, conflict resolution, and motivational techniques. These workshops can include exercises, discussions, and guest speakers from the industry to provide insights and practical advice.</li> <li>Project-Based Learning: Assign long-term projects that require students to apply people management skills to plan, execute, and complete a project. This could involve organizing an event, starting a mini-enterprise, or developing a campaign on a social issue.</li> <li>Mindfulness and Reflection Sessions: Incorporate mindfulness exercises and reflection sessions to help students develop self-awareness and emotional regulation—key components of effective people management. Activities could include guided meditations, journaling about leadership experiences, or group discussions on managing stress and fostering a positive work environment.</li> </ul> |    |    |    |

## **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

## **Assessment Rubrics:**

# Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Problem based assignments
- d. Individual project report
- e. Case study report
- f. Team project report
- g. Literature survey

#### h. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

|     | 22  | Key Areas of Organizational Training Current issues  Key Areas of Organizational Training- Trends. |    |    |    |
| V   | 22  | Open Ended Module:   | 12 | 10 |    |
| •   |     | Design and Deliver Workshops: Students are   | 12 | 10 |    |
|     |     | divided into small groups and tasked with  |    |    |    |
|     |     | designing and delivering a workshop on a specific  |    |    |    |
|     |     | topic related to Training and Development. Each  |    |    |    |
|     |     | group selects a topic, researches best practices,  |    |    |    |
|     |     | designs a training module, and then delivers it to   |    |    |    |
|     |     | their peers.   |    |    |    |
|     |     | <ul> <li>Digital Learning Content Creation: With the rise</li> </ul>                               |    |    |    |
|     |     | of e-learning, the ability to create engaging digital  |    |    |    |
|     |     | content is invaluable. Students will learn about   |    |    |    |
|     |     | different digital learning platforms and tools, then   |    |    |    |
|     |     | apply this knowledge by creating their own e-  |    |    |    |
|     |     | learning module or video tutorial on a T&D topic.  |    |    |    |
|     |     | Gamification of Training: Students design a  |    |    |    |
|     |     | gamified training module that incorporates   |    |    |    |
|     |     | elements such as points, badges, leaderboards, and   |    |    |    |
|     |     | challenges to engage learners. This activity can be  |    |    |    |
|     |     | based on a theoretical concept from the T&D  |    |    |    |
|     |     | curriculum, transforming it into an interactive  |    |    |    |
|     |     | learning experience.   |    |    |    |
|     | 1   | learning experience.   |    |    |    |

# **Assessment Rubrics:**

# Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report

- h. Literature survey
- i. Standardized Test

### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

### **Assessment Rubrics:**

# Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

# Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work

- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

#### **Assessment Rubrics:**

# Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

# Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

- interaction allows students to gain insights into the practical challenges and opportunities in hospitality marketing and to apply theoretical knowledge in real-world contexts.
- Hospitality Marketing Plan Competition: Divide the class into teams and challenge them to create comprehensive marketing plans for a fictional or local hospitality business (e.g., hotel, restaurant, travel agency). This project should include market research, target audience identification, branding strategies, digital marketing plans, and budget allocations.
- Digital Marketing Workshops: Organize workshops focusing on digital marketing skills specific to the hospitality industry, such as search engine optimization (SEO) for hospitality websites, social media marketing for hotels and restaurants, and email marketing strategies for customer loyalty programmes.
- Sustainability Project: With sustainability becoming increasingly important in the hospitality industry, task students with developing a strategic marketing plan for a hospitality business that emphasizes sustainable practices. Students should research sustainable tourism trends, identify target markets interested in eco-friendly travel, and propose marketing strategies that highlight the business's commitment to sustainability.

### **Assessment Rubrics:**

# Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written Test
- b. Open Book Test
- c. Problem Based Assignments
- e. Individual Project Report
- f. Case Study Report
- g. Team Project Report
- h. Literature Survey

#### i. Standardized Test

# Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial Work
- h. Home Assignments
- i. Self and Peer Assessments
- i. Oral Presentations
- k. Observation of Practical Skills

### **Assessment Rubrics:**

# Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written Test
- b. Open Book Test
- c. Problem Based Assignments
- e. Individual Project Report
- f. Case Study Report
- g. Team Project Report

- h. Literature Survey
- i. Standardized Test

# Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial Work
- h. Home Assignments
- i. Self and Peer Assessments
- i. Oral Presentations
- k. Observation of Practical Skills

| • International Trade and Export & Import               |    |  |
| Documentation   |    |  |
| Case Study Analysis: Students are given case studies    |    |  |
| of landmark legal cases or recent legal disputes        |    |  |
| involving corporate regulations. They analyse the       |    |  |
| cases, focusing on the legal principles involved, the   |    |  |
| decisions made, and their implications for the business |    |  |
| environment.  |    |  |
| • Legislation Drafting Workshop: Students are tasked 12 | 10 |  |
| with drafting a piece of legislation or regulatory      |    |  |
| guidelines for emerging industries (e.g., fintech,      |    |  |
| cryptocurrency, e-commerce) or for addressing           |    |  |
| contemporary issues (e.g., data privacy, corporate      |    |  |
| social responsibility).                                 |    |  |
| • Legal Research Project: Assign a research project     |    |  |
| where students investigate and report on the evolution  |    |  |
| of a particular area of corporate law, comparing        |    |  |
| different jurisdictions or analysing the impact of a    |    |  |
| significant regulatory change.                          |    |  |

#### **Assessment Rubrics:**

### Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

## **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

### **Assessment Rubrics:**

**Mode of Assessment - CCA (Continuous Comprehensive Assessment) -**

Summative Assessment (SA)

a. Written test

- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

| Summary        | programming.   | It emphasize   | s practical da | ita manipulatio | on skills using |  |  |  |  |  |

Pandas and NumPy, introduces machine learning concepts, and specifically focuses on supervised learning, exploring various algorithms and their real-world applications across different domains. By the end of the course, students will have gained the necessary skills to work with data in Python and a fundamental understanding of supervised learning, setting the stage for further exploration in machine learning.

#### **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

#### **Assessment Rubrics:**

### Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

#### **Assessment Rubrics:**

### Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations

#### k. Observation of practical skills

## **Assessment Rubrics:**

### Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

|---|---|----|----|--|
|   | Startup Simulation Game: Divide students into teams and have them simulate the process of launching a startup. Provide each team with a hypothetical business scenario and challenge them to develop a business plan, execute strategies, and navigate various obstacles. Encourage creativity, critical thinking, and collaboration as teams compete to build successful ventures.  Case Study Analysis: Assign case studies of realworld startups, both successful and failed. Have students analyze these cases using frameworks learned in the course, such as SWOT analysis, Porter's Five Forces, and business model canvas. Facilitate discussions on lessons learned, key success factors, and areas for improvement.  Venture Pitch Competition: Organize a venture pitch competition where students pitch their business ideas to a panel of judges, consisting of industry experts, investors, or faculty members. Encourage students to develop compelling elevator pitches and presentation decks that effectively communicate their venture concepts, value propositions, and growth strategies.  Industry Immersion Experience: Arrange industry visits or guest lectures by successful entrepreneurs, startup founders, or industry professionals. Provide students with firsthand exposure to entrepreneurial environments, allowing them to learn from real-world experiences, network with industry leaders, and gain insights into emerging trends and opportunities.  Entrepreneurial Leadership Seminar Series: Invite successful entrepreneurs, industry leaders, and startup mentors to deliver seminars or workshops on entrepreneurial leadership, innovation, and business growth strategies. Encourage students to engage with guest speakers through Q&A sessions, panel discussions, and networking opportunities, allowing them to gain valuable insights and mentorship.  Startup Accelerator Programme: Launch a startup accelerator programme within the course, offering mentorship, resources, and support to student-led startup teams. Provide access to co-working spaces, funding opp | 12 | 10 |  |

## **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

## **Assessment Rubrics:**

# Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

Formative Assessment (FA)

a. Practical Assignment

- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

| IV  | Im | pact of Innovation and sustainability of a social enterprise                          | 12 |    | 18 |
|     | 17 | How are social entrepreneurs funding their enterprises?                               |    |    |    |
|     | 18 | How is the enterprise sustaining itself financially?                                  |    |    |    |
|     | 19 | Which tools are available to measure the impact and                                   |    |    |    |
|     |    | effectiveness of social enterprises?  |    |    |    |
|     | 20 | Social entrepreneurs are innovators who create change.                                |    |    |    |
|     | 21 | How do they create and spread this innovation and change?                             |    |    |    |
|     | 22 | Differences between a social enterprise and another                                   |    |    |    |
|     | 22 | enterprise.   |    |    |    |
| V   |    | Open Ended Module   |    |    |    |
| •   |    | Debate Forum: Organize a debate on the effectiveness                                  | 12 | 10 |    |
|     |    | of charity versus entrepreneurship in addressing                                      | 12 | 10 |    |
|     |    | societal problems. Students can research and argue                                    |    |    |    |
|     |    | =   |    |    |    |
|     |    | from different perspectives, promoting critical thinking and argumentation skills.    |    |    |    |
|     |    | 5   |    |    |    |
|     |    | • Entrepreneurship Theory Critique: Assign students                                   |    |    |    |
|     |    | to critically analyze and present different   |    |    |    |
|     |    | entrepreneurship theories, discussing their   |    |    |    |
|     |    | applicability and limitations in the context of social                                |    |    |    |
|     |    | entrepreneurship.   |    |    |    |
|     |    | Case Study Analysis: Provide case studies of social                                   |    |    |    |
|     |    | issues and ask students to conduct in-depth analyses,                                 |    |    |    |
|     |    | identifying root causes, current interventions, and                                   |    |    |    |
|     |    | potential solutions. Encourage them to propose  |    |    |    |
|     |    | innovative approaches.  |    |    |    |
|     |    | • Social Enterprise Business Plan Competition:  |    |    |    |
|     |    | Organize a competition where students develop   |    |    |    |
|     |    | comprehensive business plans for social enterprises                                   |    |    |    |
|     |    |   |    |    |    |
|     |    | addressing real-world challenges. Invite professionals to judge and provide feedback. |    |    |    |

Guest Speaker Series: Invite successful social entrepreneurs, investors, and policymakers to share their experiences and insights with students. Encourage interactive discussions and Q&A sessions.
 Field Trip to Social Enterprises: Arrange visits to local social enterprises, allowing students to observe their operations, interact with staff, and gain practical insights into running a social enterprise.
 Funding Strategy Simulation: Divide students into groups and assign them different scenarios of funding challenges faced by social enterprises. Have them develop and present strategies for overcoming these challenges.

# Mapping of COs with PSOs and POs:

## **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

#### **Assessment Rubrics:**

## Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- i. Oral presentations
- k. Observation of practical skills

|     |        | Role as Change Agent, Resistance to Change and Minimizing Resistance                |    |    |    |
| V   |        | Practicum   | 30 | 20 |    |
| 1   | HR Str | rategy Development Workshops: Students are divided into                             | 30 | 20 |    |
| 1   |        | and given a scenario involving a company facing specific                            |    |    |    |
|     |        | ated challenges. Each team will develop an HR strategy                              |    |    |    |
|     |        | ddresses these challenges, focusing on aspects such as                              |    |    |    |
|     |        | management, diversity and inclusion, and employee                                   |    |    |    |
|     |        | ement. Teams present their strategies to the class, followed                        |    |    |    |
|     |        | onstructive critique session.   |    |    |    |
|     |        |   |    |    |    |

| 2 | Interactive Case Studies: Students work in groups to analyse     |  |  |
|---|--|--|--|
| _ | detailed case studies of organizations facing complex HR issues. |  |  |
|   | They must propose solutions, considering strategic alignment,    |  |  |
|   | stakeholder impact, and long-term sustainability. Presentations  |  |  |
|   | are made to the class, followed by feedback sessions.            |  |  |
| 3 | HRM Innovation Lab: Create an "innovation lab" where students    |  |  |
|   | ideate and develop innovative HR solutions, such as new          |  |  |
|   | employee wellness programs, technology-driven recruitment        |  |  |
|   | tools, or creative benefits packages.                            |  |  |
| 4 | Leadership and Management Role-Play: Role-playing exercises      |  |  |
|   | where students assume the roles of HR professionals, managers,   |  |  |
|   | and employees in scenarios involving negotiation, conflict       |  |  |
|   | resolution, or leadership challenges.                            |  |  |

# Mapping of COs with PSOs and POs:

|      | PSO1 | PSO2 | PSO3 | PSO4 | PO1 | PO2 | PO3 | PO4 | PO5 | PO6 | PO7 |
|------|------|------|------|------|-----|-----|-----|-----|-----|-----|-----|
| CO 1 | 2    | 2    | 2    | 3    | 3   | 1   | 2   | 1   | 2   | 1   | 3   |
| CO 2 | 2    | 3    | 2    | 3    | 3   | 2   | 2   | 2   | 2   | 2   | 3   |
| CO 3 | 3    | 3    | 3    | 3    | 2   | 3   | 3   | 3   | 2   | 2   | 3   |
| CO 4 | 3    | 3    | 3    | 3    | 1   | 3   | 3   | 3   | 3   | 3   | 2   |
| CO 5 | 3    | 3    | 3    | 3    | 1   | 3   | 3   | 2   | 3   | 3   | 3   |

## **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

## **Assessment Rubrics:**

# Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Problem based assignments
- d. Individual project report
- e. Case study report
- f. Team project report
- g. Literature survey
- h. Standardized Test

Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Ouiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

## **Assessment Rubrics:**

# Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments

- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

#### Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

International Marketing Plan Competition: Students work in teams to create a marketing plan for a product or service of their choice in a foreign market. The plan should include market analysis, segmentation, targeting, positioning, marketing mix, and financial projections. Teams present their plans to a panel of judges (faculty or industry professionals), and the best plan is awarded.

Virtual International Market Visits: Utilize virtual reality (VR) or online platforms to simulate visits to international markets. Students can explore marketplaces, retail environments, and consumer behaviours in different countries. Post-visit, they discuss their observations and how they impact marketing strategies.

Cultural Sensitivity Workshop: Students select a brand and develop a digital marketing campaign that includes social media, SEO, content marketing, and online advertising.

## Mapping of COs with PSOs and POs:

|         | PSO<br>1 | PSO 2 | PSO 3 | PSO4 | PO1 | PO2 | PO3 | PO4 | PO5 | PO6 | PO7 |
|---------|----------|-------|-------|------|-----|-----|-----|-----|-----|-----|-----|
| CO<br>1 | 2        | 2     | 2     | 3    | 3   | 1   | 2   | 1   | 2   | 1   | 2   |
| CO<br>2 | 2        | 3     | 2     | 3    | 3   | 2   | 2   | 2   | 2   | 2   | 3   |
| CO<br>3 | 3        | 3     | 3     | 3    | 2   | 3   | 3   | 3   | 2   | 2   | 2   |
| CO<br>4 | 3        | 3     | 3     | 3    | 1   | 3   | 3   | 3   | 3   | 3   | 1   |
| CO<br>5 | 3        | 3     | 3     | 3    | 1   | 3   | 3   | 2   | 3   | 3   | 3   |

## **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

## **Assessment Rubrics:**

## Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Problem based assignments
- d. Individual project report
- e. Case study report
- f. Team project report
- g. Literature survey
- h. Standardized Test

## Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Ouiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills

|   | <del>-</del>   |  |  |
|---|--|--|--|
|   | companies. They could role-play as the company's financial advisors or the entrepreneurs themselves, proposing |  |  |
|   | alternative strategies and defending their choices in a class discussion or presentation.                      |  |  |
| 2 | Venture Pitch Competitions: Organize pitch competitions  |  |  |
|   | where students create business plans for their startup ideas,  |  |  |
|   | focusing specifically on the financial aspects. They must  |  |  |
|   | present their capital management strategies, including how   |  |  |
|   | they plan to raise funds (e.g., through equity, debt, or   |  |  |
|   | crowdfunding), manage cash flow, and ensure sustainability.  |  |  |
|   | Invite guest judges from the local entrepreneurial community   |  |  |
|   | to provide feedback and select the best pitches.   |  |  |
| 3 | Financial Model Workshop: Host workshops where students  |  |  |
|   | learn to build financial models for startups from scratch. This  |  |  |
|   | would include forecasting revenues, costs, determining burn  |  |  |
|   | rate, and calculating key financial metrics important for  |  |  |
|   | investors, such as the break-even point, ROI, and valuation  |  |  |
|   | methods.   |  |  |
|   | Mentorship Programme: Pair students with local   |  |  |
|   | entrepreneurs or financial advisors who can mentor them  |  |  |
|   | through a mini-project, such as developing a financial plan  |  |  |
|   | for a startup. This real-world interaction provides valuable   |  |  |
|   | insights into the challenges and strategies of entrepreneurial   |  |  |
|   | capital management.  |  |  |

# **Correlation Levels:**

| Level | Correlation        |
|-------|--------------------|
| -     | Nil                |
| 1     | Slightly / Low     |
| 2     | Moderate / Medium  |
| 3     | Substantial / High |

## **Assessment Rubrics:**

# Mode of Assessment - CCA (Continuous Comprehensive Assessment) -

Summative Assessment (SA)

- a. Written test
- b. Open book test
- c. Laboratory report
- d. Problem based assignments
- e. Individual project report
- f. Case study report
- g. Team project report
- h. Literature survey
- i. Standardized Test

Formative Assessment (FA)

- a. Practical Assignment
- b. Viva
- c. Quiz
- d. Interview
- e. Class Discussion
- f. Seminar
- g. Group Tutorial work
- h. Home assignments
- i. Self and peer Assessments
- j. Oral presentations
- k. Observation of practical skills
